Subject: RE: Reestablish Tower Standard Senior Managers Conference Call

Michael, I really do not see value in the senior managers meetings at this time. Currently, the game plan is to have facilitated technical meetings between EPA/Tribal staff utilizing, Anthony Greenwater, Director, Tribal and International Affairs, in order for this project to move forward.

If you want to discuss this project with me only, please do not hesitate to call.

Thanks

Larry

Subject: Summary/Action Items from 10/12/2016 Tower Standard Senior Managers Conference Call

Good Morning Larry, Judy, and John,

Thank you for taking time out of your busy schedules to participate in yesterday's conference call regarding the Tower Standard Site. The following is a summary of the action items from the call:

- 1) Update Tower Standard Timeline based on work that has transpired since our May 26, 2016 meeting in Woodruff, WI. (EPA will update with input from LDF and WDNR)
- 2) Create list of all available sampling data to date. (EPA will create with input from LDF and WDNR)
- 3) Determine Timeframe needed to review Bristol's Comprehensive Site investigation (Technical staff from EPA and LDF)
- 4) Share Bristol's Comprehensive Site investigation with WDNR and determine how much time is needed to evaluate remedial options (Technical staff from EPA, LDF, WDNR)
- 5) Schedule Meeting with Senior Managers to Present Remedial Options (EPA)

Please let me know if you have any corrections/additions to this by COB this Friday, October 14, 2016. Thank you.
